The Devil Colony

Release Date: June 21, 2011

Deep in the Rocky Mountains, a gruesome discovery—hundreds of mummified bodies—stirs international attention and fervent controversy. Despite doubts to the bodies' origins, the local Native American Heritage Commission lays claim to the prehistoric remains, along with the strange artifacts found in the same cavern: gold plates inscribed with an unfathomable script.

Was America Founded on a Lie!

Also in preparation for this summer's release of *The Devil Colony*, here's a brief discussion about the true mysteries at the heart of the novel. This book was two years in the making as I followed a disturbing (but true!) bit of history behind the founding of America. It opens with an intriguing question: *Was America founded on a lie?*
