The Eye of God: A Sigma Force Novel

Release Date: June 25th, 2013

The crash of a U.S. military research satellite in the remote wilds of Mongolia triggers an explosive search for the valuable cargo it holds: a code-black physics project connected to the study of dark energy, the energy connected to the birth of our universe. But the last blurry image from the falling satellite captures a chilling sight: a frightening look into the future, a view of a smoldering eastern seaboard of the United States in utter ruin.

THE EYE OF GOD has created a NEW world!

With the publication of this book, nothing remains the same for Sigma. This novel marks a new beginning for our team. Within its pages, you'll discover several BIG changes, along with twists and turns that will alter the course of the series forever.

Such a significant novel needed a storyline to match: one that spans both time and space. The genesis for THE EYE OF GOD came from a visit I took to Fermilab outside of Chicago. I was lucky enough to get a personal tour of the lab's particle accelerator and a chance to sit down to lunch with a group of physicists, where I asked a question that I often pose to people: "Tell me something that disturbs you deeply about your research." And they did! Within these pages, you'll discover a frightening look at reality and what it means for YOU today.

The novel also delves into several historical mysteries surrounding ancient warlords, lost apostles, and Biblical secrets locked in ancient languages. There are several shocking and TRUE revelations found within these pages that lead to a final twist like no other. It's sure to spark much debate, and I look forward to hearing from you about it!

The Eye of God Tour

June 25th - July 1st

More than ever, I look forward to seeing everyone on the road--in this case, literally. From Houston through Nashville, I'll be touring the middle of America on a special bus. So keep an "eye" out there for it! And keep following me on Facebook and Twitter for updates from the back of the bus!

Authors United for Veterans

I am thrilled to continue my role as chair of [Authors United for Veterans](#). Thanks to my fellow authors and the passionate folks at USA Cares, we continue to help our wonderful and courageous military families. I encourage you to check out the revised Authors United for Veterans website to learn more.

Additionally, USA Cares is making THE EYE OF GOD tour extra special for our military personnel. At my event at the Fort Knox Library, they will be gifting copies of THE EYE OF GOD to 100 soldiers. I am honored to be a part of this organization and am thrilled these men and women in uniform will be reading my work.
