### ABOUT THE SHORT STORY E-BOOK

In the dead of night, a faceless enemy hacks into the Smithsonian Institution's network of servers, but it is only the first strike masking a larger attack. To rescue a biologist trapped in the National Museum of Natural History and to discover the true intent behind an assault that grows bolder and bloodier by the minute, Sigma Force must unleash its most headstrong operative — Joe Kowalski — to do what he does best: lay waste to anything between him and his goal. From a daring rescue to a cross-city chase like no other, Kowalski will discover the shocking truth hidden in the most unexpected of places: the heart of the National Zoo. [Read more](#)

### FROM THE AUTHOR

**Kowalski's back...and debuting in his first solo mission for Sigma!**

Seaman Joe Kowalski made his first appearance in my stand-alone thriller, *Ice Hunt*, but after finishing that novel, I couldn't let him go. In order to have more adventures with him, I eventually recruited Kowalski into Sigma, and he's slowly grown into a vital member of every team. But in this short story, he gets his chance to shine all on his own. And just in time. This short story also ignites the fuse that will explode into this winter's big Sigma adventure, *The Bone Labyrinth*, a story spanning centuries and continents, a novel featuring Kowalski at his very best (and worst)..

You all thought you knew Kowalski...now get to know the *real* hero.

Also included with *The Midnight Watch* is a big chunk to the opening of *The Bone Labyrinth*
